

Project Data Sheet

Las Vegas, Nevada

Title Las Vegas Veterans Memorial

Location Huntridge Circle Park, Las Vegas, Nevada

Description The Las Vegas Veterans' Memorial is a series of experiences that create a special place in the Huntridge Circle Park. The Memorial is a landscape sculpture that provides a sacred space where people can Remember, Honor and Rejoice. The LVVM is welcoming and opens to the community around it and at the same time creates a place which is a sacred space, quite distinct from its surroundings. It provides a space for solitary remembrance and for large community celebrations. Respect is conveyed through honorific materials, like granite and bronze that is carved with text and quotations that honor military service. The walls, walks, trees, benches and columns of the Memorial are designed to create a place that veterans, their families and the public can use to remember, to heal and to celebrate military service.
